North Atlantic Resiliency Conservation Planning Atlas

There has been no progress on this project during the time period. CBI has been in contact with North Atlantic LCC and we have been waiting on staff and partner availability in order to begin the project work.

In the next reporting period, we expect to work with Megan Tyrrell and partners from TNC and UMass at Amherst to start the project work.

A handwritten signature in black ink that reads "Tosha Comendant". The signature is written in a cursive, flowing style.

Dr. Tosha Comendant, Senior Scientist, Conservation Biology Institute
